

**Who we are**

Ever since its foundation, Ormazabal has been an engine for innovation in the electrical distribution sector.

Our continuous cooperation with electrical companies, have enabled us to consolidate the development of solutions, products and services with high added value for our customers, our Mission.

Cooperation with our customers, technological growth, investment in innovation, the commitment of our team of professionals and our knowledge management have all positioned us at the forefront of the international Medium Voltage electrical distribution market.

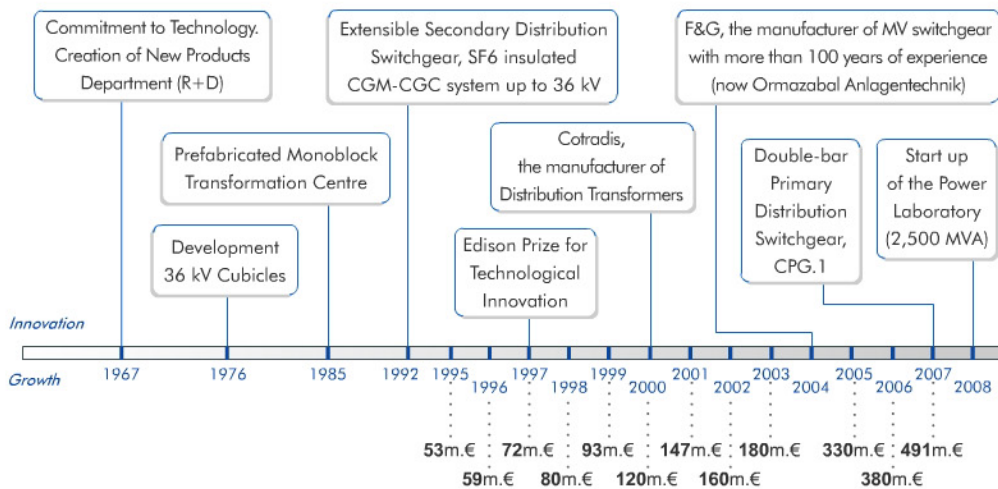

Our Values: Flexibility, Leadership, Innovation, Pragmatism and Support are the hallmarks of our management approach and have positioned us as specialists in Medium Voltage.

**Focus on Medium Voltage**

We are specialists in Medium Voltage because...

- o Medium Voltage is our business
- o We enjoy close, direct relationships with our customers
- o We offer extensive experience and a depth of knowledge
- o We are committed to meeting our customers' needs
- o Our highly qualified team becomes closely involved in each project
- o Our enterprising spirit leads us to innovative technological breakthroughs for electrical equipment.

- o Intensive use of technology

... define us as the **natural partner for our customers**.

## Quality Policy

At Ormazabal our view is that in order to guarantee the quality of our products and services it is necessary to undertake exhaustive quality control of each and every phase of the manufacturing process: we adapt to the different international, regional and local regulations as well as different utilities' specifications, in addition to which we have been granted the following certificates:

### Quality Certificates

ISO 9001 ER-1766/2004  
ER-0145/1993  
ER-0653/1996  
ER-0227/1996  
ER-0598/2004  
ER-1092/2005  
DQS-222148 QM  
DQS-222149 QM  
1018507

### Environmental Management Certificate

ISO 14001 CGM-00/138  
CGM-01/037  
CGM-05/018  
GA-2006/0218

## Social Responsibility

**Protection of the Environment** is a key part of **Ormazabal's** firm commitment to the environment, both from a preventative perspective and in order to promote initiatives that encourage greater environment responsibility and the dissemination of environmentally-friendly technologies.

Since 2002, **Ormazabal has been a member in the United Nations Global Compact**, which constitutes an initiative of companies' voluntary commitment to social responsibility in order to support, promote and uphold a series of fundamental values in the areas of Human Rights, Labour Rights and the Protection of the Environment.

**Ormazabal** has signed an alliance with **UNICEF** whereby **we undertake to disseminate their programmes and support the United Nations agency** in their goal to guarantee compliance with Children's Rights.
